

Huddle of Love  
About Life  
Before The Big Day, That Is,  
Death or Tomorrow or Well, Just the Next Second, the Next Nanosecond,  
the Next Infinitesimal Nextness...

Overwhelment Overflowing  
Rapture and Resonance  
An overwhelming outpouring of love,  
An outpouring of overwhelming love.  
So much love uncontainable, or only as if...  
Explode, implode, fry, melt, shrivel, burst, burn, beam...  
Shine, shine, shinnnnnnnnnnnnnnneeeeeeeeeeeeeeeeeee

Love, so much love, abundant, abundant, abundant, ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhh

*Uncontrollable Beauty | An Odyssey | Everything We Need Is Always With Us*  
Self-portrait love song,  
And a song of yearning, and a song of courage, and a song of delight.  
Invitation, incitement, testament, witness, guide for living every day with the intention  
of overwhelming what holds us back,  
overwhelming overwrought entanglement,  
overwhelming sorrow and fear,  
overwhelming anxiety and disappointment –  
by the sheer act of making gestures, of moving forward, moving onward,  
by choosing to fully be.

About productivity,  
About delivery,  
About transmission,  
About reception,  
About sending,  
About receiving,  
About connectivity  
And connection,  
About how everything is really one,  
About how we are all free to become part of one huddle of love  
that vanquishes loneliness and affirms (confirms) belonging,  
We are always in a huddle with the ones we love and who love us,  
And with each and every single other who lives and has lived and will live upon  
This wild, whacky, willy-nilly, wondrous world.
